

## A Certified EMR That Helps You Achieve Meaningful Use!

### Key Points

- The Health Information Technology for Economic and Clinical Health (HITECH) Act is part of the economic stimulus package (ARRA) passed by the US Congress and signed into law on February 17, 2009
- One of the HITECH Act’s primary goals is to encourage the adoption and use of Electronic Health Records
- To qualify for incentive payments, Eligible Providers must use a **Certified EMR** (MDsuite) and meet **Meaningful Use Criteria**
- MDSuite Reports and Support Staff help providers **track adherence to Meaningful Use**
- MDSuite **automatically credits providers** for meaningful use measures as it is being used
- Calculating **Clinical Quality Measures** is also part of Meaningful Use
- MDSuite also helps you track Clinical Quality Measures
- Both MDSuite Meaningful Use and Quality Measures Reports provide **clear, concise information, per provider – Summary or Detailed**
- Providers may track adherence throughout the reporting period – **well in advance of deadlines** – when there is still time to change patterns
