

Who, Where, What and When – In a Glance!

Key Points

- ✓ Shows room availability
 - ✓ Shows providers currently having the encounter open so that other providers know when to enter the room to complete tasks
 - ✓ Color-codes each provider and each category of task using user-assigned colors
 - ✓ Displays length of time patient is in the room
- ... continued on back**

Room View With Organizer

The screenshot displays the MDSuite Room View interface. On the left is the 'Organizer' sidebar for user 'alice_smith', showing a tree view of 'Patients (Main Street)' with sub-items like 'Appointments', 'Room View', and 'Visitors (2)'. The main area shows 'Exam Room 1' through 'Exam Room 4' at 'Main Street' location. Each room card includes a patient photo, name, age, gender, and duration, along with a list of providers (e.g., Jackson, L, Smith, A) and a list of tasks or notes such as 'cough', 'Return for 99241 - Office Consultation', and 'Followup asthma'.

Data Strategies, Inc.

Key Features (continued)

- ✓ Shows which providers have opened the encounter
- ✓ Allows for multiple location practices
- ✓ Available side-by-side with Organizer or in Full Screen mode
- ✓ One-click hyperlinks allow fast access to Chart, Encounter, and Tasks
- ✓ Automatically stretches to fit your screen – the bigger your screen, the more you see without scrolling
- ✓ Includes patient picture, if available
- ✓ Only permits operators to complete those tasks for which they are responsible
- ✓ Completed Tasks are shown with check marks
- ✓ Room hyperlink allows patients to be moved from room to room or departed from the office
- ✓ **Urgent icon (!)** appears if denoted during Check-in or any Room Transition.
- ✓  Mail icon appears if, during check-in or room-transitioning, a message has been entered, e.g. "patient accompanied by father", etc. To view the message, simply hover over the icon with your mouse or click on the icon itself.
