**Must any equipment or special software be purchased?**

No. One of the best things about Sfax is that no hardware, software, or phone lines need to be purchased! Only an Internet connection is required. In fact you may be able to get rid of your fax machine and fax phone line!

**Are there any fees to use Sfax?**

For as little as 5-7 cents a page, you can start faxing over the internet! We offer affordable, flexible bundles for varying volumes. Contact your sales representative for pricing.

**My office already has a network fax machine, what are the differences?**

**Sfax vs. Network Fax Machine**

<b>Sfax</b>	<b>Network Fax Machine</b>
No hardware, no software	Purchased hardware and/or software required
Sends via internet	Sends via analog phone line
Send and access faxes 24/7 via web browser	Send and access faxes on the network only
Organized and searchable online inbox/outbox	Paper fax transmission report
Send and receive multiple faxes simultaneously	Send and receive faxes one at a time

**Is Sfax secure and HIPAA compliant?**

Yes! HIPAA has particular requirements for faxing PHI to ensure that the privacy and security of the information is protected throughout the entire document lifecycle. Not only are Sfax's cloud-based fax solutions intrinsically superior to manual faxing, they are entirely capable of meeting the specific HIPAA requirements for faxing.
